NOTES:

LS = Limited support. The OS is no longer being used in development and no support is available from the vendor. Siemens PLM will attempt to duplicate on a current supported version. An OS upgrade will be required for full support.

S = Supported.

NS = Not supported

PS = Planned support. Depending on the results of testing, support may be withheld or may require an update before support commences.

* = Preliminary information. Subject to change upon release.

Windows 7 supported versions = Professional, Enterprise, Ultimate.

Windows 8 supported versions = Professional, Enterprise

Windows 10 supported versions = Professional 21H1 or higher, Enterprise 20H2 or higher

Windows 11 supported versions = Professional 21H2 or higher, Enterprise 21H2 or higher

VM's are expected to work, however support requests will only be considered when the problem can be reproduced on a physical machine.
